

Schedule: Workshop on Statistical Generative Models in Perception 16 - 18 September 2014, at Castle Rauschholzhausen

Tuesday, September 16th

Time	Content
15:00	Arrival
18:00	Dinner
19:00	Informal discussions (by invitation only)

Wednesday, September 17th

Time	Content
7:30 - 8:45	Breakfast
9:30 - 10:30	Talk: Roland Fleming, Justus-Liebig-University-Gießen <i>Statistical generative models and appearance</i>
10:30	Coffee Break
11:15	Invited Talk: Constantin Rothkopf, TU-Darmstadt <i>Statistical generative models in perception: I perceive because I control</i>
12:30	Lunch
14:00	Invited Talk: Manish Singh, Rutgers, New Brunswick <i>Inverse optics, Bayes, and generative models</i>
15:00	Invited Talk: Frank Jäkel, Osnabrück <i>How does Bayesian Reverse-Engineering work?</i>
16:00	Coffee Break
17:15	Invited Talk: Peter Battaglia, MIT / DeepMind <i>The intuitive physics engine</i>
18:30	Dinner
20:00	Discussions

Thursday, September 18th

Time	Content
7:30 - 9:00	Breakfast
9:30	Small-scale discussions (by invitation only)
11:00	Coffee Break
11:30	Small-scale discussions (by invitation only)
12:30	Lunch
14:00	Guest departure
